ABOUT GTA
GTA is a leading global provider of China financial market data, China industries and economic data, whether real-time, delayed or historical (over 55 years for the latter two), to international financial and educational institutions. The Company is also an industry leader in China in providing financial analytics, financial education and related value-added services to financial institutions, business schools, and individual investors.

ABOUT WRDS
Wharton Research Data Services (WRDS) is the award-winning research platform and business intelligence tool for over 40,000 corporate, academic, government and nonprofit users at 400+ institutions in 30+ countries. WRDS provides the user with one location to access over 200 terabytes of data across multiple disciplines including Accounting, Banking, Economics, ESG, Finance, Insurance, Marketing, and Statistics. Flexible data delivery options include a powerful web query method that reduces research time, the WRDS Cloud for executing research and strategy development, and the WRDS client server using PCSAS, Matlab, Python and R. Our Analytics team, doctoral-level support and rigorous data review and validation give clients the confidence to tailor research within complex databases and create a wide range of reliable data models.

From partnerships with data vendors to our own tools, including the WRDS SEC Analytics Suite and the Wharton School’s OTIS, WRDS is the global gold standard in data management and research, all backed by the credibility and leadership of the Wharton School.

ABOUT THE WHARTON SCHOOL
Founded in 1881 as the first collegiate business school, the Wharton School of the University of Pennsylvania is recognized globally for intellectual leadership and ongoing innovation across every major discipline of business education. With a broad global community and one of the most published business school faculties, Wharton creates economic and social value around the world. The Wharton School has 5,000 undergraduate, MBA, executive MBA, and doctoral students; more than 9,000 participants in executive education programs annually and a powerful alumni network of 94,000 graduates.
