THROUGH INNOVATIVE ANALYTICS, SAS® ENABLES RESEARCHERS TO MAKE BETTER DECISIONS FASTER – WRDS IS SAS® POWERED

WRDS and SAS share the commitment to delivering valuable solutions and improving our researchers' experience.

WHY SAS?

- All WRDS databases and data processes are maintained in SAS — a convenient language to create your data files and run statistical procedures

- Sample programs for data access — beginners through advanced users

- WRDS support consultants maintain a high degree of expertise in SAS

- Every SAS dataset has both a library reference and dataset name

- Robust E-Learning video tutorials to guide you through the creation of a SAS program

SAS® VISUAL ANALYTICS

Interactive data visualization application templates let you look at more options, uncover hidden opportunities, identify key relationships and make precise decisions faster than ever before.

- Make sense of complex data

- Create sophisticated analytics – network diagrams, on-the-fly forecasting, goal seeking and scenario analysis

- Ease-of-use features, such as autocharting, "what does it mean" pop-ups and drag-and-drop capabilities

ABOUT SAS®

SAS is the leader in analytics. Through innovative software and services, SAS empowers and inspires customers around the world to transform data into intelligence. SAS gives you THE POWER TO KNOW®.

ABOUT WRDS

ABOUT THE WHARTON SCHOOL

Founded in 1881 as the world's first collegiate business school, the Wharton School of the University of Pennsylvania is shaping the future of business by incubating ideas, driving insights, and creating leaders who change the world. With a faculty of more than 235 renowned professors, Wharton has 5,000 undergraduate, MBA, Executive MBA, and doctoral students. Each year 13,000 professionals from around the world advance their careers through Wharton Executive Education's individual, company-customized, and online programs. More than 104,000 Wharton alumni form a powerful global network of leaders who transform business every day.
